AERA Online Paper Repository

AERA is providing open access to the AERA Online Paper Repository. Each presenter at the 2014 Annual Meeting may elect to upload to the Online Paper Repository the full text of the paper presented in Philadelphia. Deposited 2014 papers will be made available in July. The Repository serves as an archive of Annual Meeting presentations for the Association.

For scholars, students, and other users, the Repository:
- Offers a new opportunity for broader access to information presented at the Annual Meeting
- Serves as a reference on current scholarship and research
- Outlines guidelines for citing scholarship presented at the Annual Meeting

For presenters, the Repository:
- Allows sharing of presentations in a new format and reaching a broader audience than those attending the session
- Records in a permanent online archive the full text of the presentations
- Permits addition of presentation notes at any time after the Annual Meeting
- Enables reporting of subsequent publication of the research by allowing future addition of citation information, a journal URL, or a digital object identifier (DOI)

Presenters retain copyright of their full text. If presenters did not opt to participate in the Repository before the Annual Meeting, they may upload directly to the Repository until May 15. Users of the AERA Online Paper Repository are informed of appropriate citation and use of Repository content.

For more information about participating in and using the Repository, visit www.aera.net/repository.
