AERA Open is a peer-reviewed, open access journal. With an emphasis on rapid review and dissemination, AERA Open aims to advance knowledge through theoretical and empirical study across arenas of inquiry related to education and learning. AERA Open emphasizes publishing scientific and scholarly work that adds to knowledge incrementally and cumulatively. AERA Open also serves as a venue for innovation, novel inquiry and ideas, interdisciplinary bridge building, and research that fosters the connection of research to practice and practice to research. The journal:

- Features content that transcends the boundaries between education research and other adjacent fields of inquiry
- Welcomes multiple methods and conceptual frameworks/models
- Promotes access to data; research instruments, protocols and guides; and other supplemental sources of information
- Provides a publishing venue for works in new and innovative formats, such as video, interactive data tables, and audio recordings.
