

2009 Reports From AERA and Division Nominating Committees

This is the official announcement of reports from the 2009 AERA and Division Nominating Committees, developed in accordance with Article VII, Section 2, of the Association Bylaws. Additional nominations for the offices of AERA President-Elect and Member-at-Large may be submitted to the Executive Director by written request of five percent (5%) or more of the voting members of the Association. Additional nominations for a division office may also be submitted to the Executive Director by written request of five percent (5%) or more of the voting members of that division. All such nominations must be received by the Executive Director by December 17, 2008. A biographical statement for each candidate will be published in the December 2008 issue of *Educational Researcher* and posted on the AERA website.

E-mail notification of electronic balloting will be sent to all voting AERA members in January 2009.

Because of the positive response to the use of electronic ballots and the resulting increase in participation in the last two elections, the AERA Council approved the elimination of the provision of dual paper and electronic ballots, effective in 2009. AERA voting members who wish to receive their customized ballot in print form by postal mail should contact the AERA Central Office by e-mail at governance@aera.net; by postal mail at American Educational Research Association, Attn: Governance, 1430 K Street, NW, Suite 1200, Washington, DC 20005; or by phone at (202) 238-3206.

AERA Nominating Committee: Pamela L. Grossman (Chair); Richard P. Duran; Beverly M. Gordon; Howard C. Johnson; Brian Stecher

Nominees for Office of Division Vice-President: William A. Firestone, Rutgers University; David H. Monk, Pennsylvania State University

Election Regulations

The following regulations have been adopted by AERA to ensure an equal and fair opportunity for all candidates. They are consistent with the norms of a professional scientific society, and it is expected that individuals will abide by both the spirit and the letter of the regulations to limit campaigning.

- The biographical sketch accompanying each ballot is the primary mechanism through which a candidate may provide the voting membership with information regarding his/her qualifications. Biographical sketches of candidates for the positions of AERA President-Elect, Member-at-Large, and Division Vice-President are limited to 250 words. Candidates for Division Secretary must limit their statements to no more than 100 words.
- Candidates and their supporters may communicate with friends through personal letters, conversations, and telephone calls. However, all such calls or letters should be individually initiated and involve little expense. Mass mailings (including electronic distribution) by a candidate, or by supporters on behalf of a candidate, are prohibited. Candidates have a responsibility to discourage such activities on the part of their supporters.
- Association resources (including newsletters) may not be used to promote, announce, or support individual candidates. In particular, AERA committees, SIGs, and divisions are prohibited from using Association funds for such campaign activities or communications.
- Any violation of these regulations should be reported immediately to the Executive Director. If the allegations are substantiated, disciplinary action may result, such as disqualification from the election or censorship of the member found to be in violation of these regulations.
